

MOHD SAMEER

QUANTITY SURVEYOR | CIVIL ENGINEER | ESTIMATION & QUANTITY TAKE-OFF

Dubai, UAE | +971-567216778 | sameermohd0803@gmail.com

PROFESSIONAL SUMMARY

Civil Engineer with **5 years of UAE and India experience** in civil construction, infrastructure, survey-based documentation, AutoCAD drafting and as-built drawings. **Certified in Quantity Surveying, with training in quantity take-off, BOQ preparation, estimation, rate analysis, civil measurement and material quantification.** Experienced in drawing-based measurement, site documentation and construction quantities, with strong Excel and AutoCAD skills. Seeking a **Quantity Surveyor / Estimation Engineer position** in the UAE, utilizing my civil engineering, infrastructure and quantity surveying knowledge.

CORE SKILLS

QUANTITY SURVEYING: Quantity Take-Off | BOQ Preparation | Estimation | Rate Analysis | Civil Measurement | Material Quantification | Reinforcement Measurement

EXCEL & QS COMMERCIAL: BOQ & Quantity Sheets | VLOOKUP | SUMIF | Quantity × Rate Calculations | Wastage Calculations | Basic Cost Calculations

CIVIL & CONSTRUCTION: Engineering Drawings | Construction Drawings | As-Built Drawings | Drawing Revisions | Technical Documentation | Drawing Registers | Document Control

INFRASTRUCTURE & UTILITIES: Infrastructure Projects | Roads & Site Development | Drainage | Sewerage | Water Supply | Electrical & Telecom Utilities | Utility Coordination | Site Levels

SOFTWARE & SURVEY: AutoCAD | Excel | Revit | Primavera P6 | Survey Data Processing | Total Station/GPS/GNSS Data Processing | GPR Data Processing | Point Cloud Extraction & Processing

PROFESSIONAL EXPERIENCE

AL WARQA SURVEY ENGINEERING - UAE

General Survey Engineer | Survey Engineering, Infrastructure & Technical Documentation.
December 2023 - Present.

- Prepare civil, topographic and as-built drawings using survey and site data, including levels, coordinates, contours and existing conditions.
- Prepare technical drawings for **water supply, drainage, sewerage, electrical, telecom and gas utilities.**
- Incorporate pipe diameters, invert levels, manhole details, cable routes, trenches and existing infrastructure into drawings.
- Process and interpret survey data from **Total Station, GPS/GNSS, GPR, laser scanning and point-cloud sources** for engineering documentation and drawing preparation.
- Prepare Gate Level Computation Reports and elevation information supporting grading and development requirements.

- Prepare and revise civil, architectural and infrastructure drawings using AutoCAD.
- Prepare floor plans, sections and elevations for as-built drawings, ensuring dimensional accuracy, completeness and consistency before submission.
- Coordinate with surveyors, civil engineers, architects, project managers and site teams regarding drawing revisions and discrepancies.
- Work with site measurements, construction information and drawing-based data, providing a practical foundation for quantity measurement and Quantity Surveying.

SELECTED UAE PROJECT / CLIENT EXPOSURE:

Etihad Rail | Parsons | AECOM | Khatib & Alami | Al Dar Properties | Western Banoona Group | Idroesse Infrastructure | Sobha | DAMAC Properties | Dubai Holding Real Estate | Other UAE infrastructure and development projects.

IRAM BUILDERS & DEVELOPERS - INDIA

AutoCAD Draftsman | Civil & Construction Drawings
August 2021 - September 2023

- Prepared civil, architectural and structural drawings using AutoCAD for residential and commercial projects.
- Developed floor plans, elevations, sections and construction detail drawings.
- Prepared and revised drawings based on engineer, architect, client and site requirements.
- Prepared RCC and reinforcement detailing for foundations, columns, beams and slabs.
- Assisted in preparing as-built drawings based on site measurements and completed works.
- Reviewed drawings for dimensional accuracy, completeness and consistency.
- Developed practical knowledge of building construction, structural components, materials and construction documentation.

QUANTITY SURVEYING & PROFESSIONAL CERTIFICATIONS

Survey License: *Department of Municipalities and Transport (DMT), Abu Dhabi.*

Real Estate Surveyor Course: *ThinkProp / ADRES, Abu Dhabi.* (Certified for real estate surveying in compliance with Abu Dhabi DMT regulations).

Certified Training from CanterCADD

Quantity Surveying:

Successfully completed certified Quantity Surveying training covering Quantity Take-Off, BOQ Preparation, Estimation, Rate Analysis, Civil Work Measurement and Material Quantification.

Additional Training: AutoCAD | Revit Architecture & Structure | Primavera P6

EDUCATION

BACHELOR OF ENGINEERING (B.E.) - CIVIL ENGINEERING- 2021

Osmania University, Hyderabad, India.
